

NORTHWEST
FOOTBALL AWARDS

2022

Football Journalist or Broadcaster of the Season

Judges will recognise excellence and talent of those based in the Northwest of England - Northwest football correspondents, writers, broadcasters and journalists.

We are not only looking for great journalists with integrity and credibility, who are respected by their peers, but also their relationships and rapport with players, managers, clubs and supporters.

We will be considering any stories they have covered in the 2021/22 season, breaking stories or key news, as well as considering the contribution and impact they have made to Northwest football journalism as a whole.

Entrants should provide examples evidence of work and strong reasoning as to why they should win this award.
